

# COBRA

## TOUCHLESS CAR WASH SOAP

PRODUCT CODE: 116

### DESCRIPTION AND PRODUCT BENEFITS:

Superior results are achieved because of COBRA's ability to penetrate, lift and float away the most resistant road films, oil, grease, and clay soil quickly and consistently. COBRA also attacks bug residue & carbon deposits (exhaust, etc.) on painted vehicle surfaces as well as on aluminum, painted wood and metal. Applied with either high or low pressure and rinsed with high pressure (500 psi and up) it works with amazing rapidity and requires no brushing. COBRA leaves the surface protected and with an outstanding gloss. Works equally well in hot or cold water. Ideal for cleaning heavy equipment and floors.

### DIRECTIONS OF USE AND APPLICATION:

1. For touchless tunnels and roll over washes: Use 170 ml per vehicle. Final dilution rate prior to application to the vehicle should be 35 mls per liter of water. 2. For wand washes. Dilute up to 35 mls per liter of water. A. Apply diluted COBRA starting at the bottom and working up. Do not allow to dry. B. Use a two-stage pressure rinse starting from the bottom up and finishing from top down. 3. For floor and brush washing: Dilution ratio should be 10 mls per liter of water.

### PRECAUTIONS:

Keep from freezing and do not mix with other chemicals.

### HEALTH & SAFETY INFORMATION

For further information on the safe handling, storage and precautions for use of this product, consult the Safety Data Sheet. Keep out of reach of children.

### DISCLAIMER:

As the actual conditions of use are out of our control no liability is accepted for any loss or damage caused directly or indirectly through the use of our products. Intending users should satisfy themselves, by carrying out appropriate tests, as to the suitability of this product for any particular purpose.

### TYPICAL DATA

**APPEARANCE:** Clear red liquid.  
**SPECIFIC GRAVITY:** ~1.00 g/ml  
**ODOUR:** Mint  
**PH:** 12.5 ± 0.5  
**SOLUBILITY:** Completely water soluble.  
**% NON-VOLATILE:** ~14  
**VISCOSITY:** Water thin.

### AVAILABLE SIZES:

**CUBE** - 18.9L  
**DRUM** - 208.2L
