

# 50 / 50 ONE STEP

**POLISH / WAX**  
**PRODUCT CODE: 820**

**DESCRIPTION AND  
 PRODUCT BENEFITS:**

**EASY ON • EASY OFF APPLICATION • HIGH  
 GLOSS PROTECTIVE FINISH • DETERGENT &  
 FALLOUT RESISTANT • REMOVES OXIDATION**

50/50 One Step polish was professionally formulated as a "One Step" polish / wax for both traditional and clear coat finishes as well as re-painted vehicles. It cleans, polishes and finishes in one easy application and leaves a long lasting protective shine. It is effective in removing light oxidation and bringing back the colour of faded and dull finishes. It will also remove swirl marks and slight imperfections.

**DIRECTIONS OF USE  
 AND APPLICATION:**

Shake well prior to use. Wash the vehicle surface with Auto Valet car wash to remove all surface soils. When using a high-speed buffer, apply a small amount of polish to the surface and buff with a polishing pad. If the surface is already in good condition, you may use a soft foam finishing pad. For best results, work small sections at a time. If using an orbital polisher or by hand, it may be applied to the entire vehicle and removed after drying. Always be sure to use a clean soft cloth or bonnet when applying and removing.

**PRECAUTIONS:**

Keep from freezing and do not mix with other chemicals.
